Educational iPad apps

This is a list of some of the educational iPad apps we use in school. We will update it each half term with new apps. If you have any suggestions to add to this list, please contact Mrs Shuttleworth via the office.

Most of these apps are free to download, although some have in-app options to purchase extra levels. To find out how to turn off in-app purchases on your iPad visit: http://www.itv.com/news/2013-04-12/how-to-turn-off-in-app-purchases-on-an-ipad/

Literacy

App	Details
