Admissions Policy

2025-2026

Nexus Education Schools Trust **Admissions Policy 2025-2026**

General Information

If your child will be five between 1 September 2025 and 31 August 2026 inclusive and you wish him/her to attend one of the Nexus Education Schools Trust (NEST) schools namely:

- Alexandra Infant School
- Alexandra Junior School
- Balgowan Primary School
- Bickley Primary School
- Childeric Primary School
- Dog Kennel Hill Primary School
- Farnborough Primary School
- Goose Green Primary School
- Highfield Infants' School
- Highfield Junior School
- John Donne Primary School
- John Keats Primary School
- Joydens Wood Infant School
- Joydens Wood Junior School
- Manor Oak Primary School
- Perry Hall Primary School
- Pickhurst Infant Academy
- Rotherhithe Primary School
- Worsley Bridge Primary School

You should submit a common application form online to the resident's Local Authority in line with the timetable and procedures laid down by the local Co-ordinated Admission Scheme. Information is found on the resident's Local Authority websites.

A child attains compulsory school age at the beginning of the term following his or her fifth birthday, e.g. a child whose fifth birthday occurs on 14 June, becomes of compulsory school age at the beginning of the following Autumn term in September. Although there is no legal obligation on parents/carers to send their children to school before they attain compulsory school age, the NEST policy is to admit children before they reach five. This policy allows for early entry to reception, i.e. before compulsory school age is reached.

A parent/carer is any person who has parental responsibility for care of the child. Further information can be found in the Local Authority's "Admission to Primary School" booklet which is available on-line on the relevant Local Authorities Website.

If your child is currently in Year 2 in an infant school, you must apply for a year 3 place in a junior school. If your child is currently in a primary school, you do not need to apply for Year 3 in that school. If, however, you wish to apply for a year 3 place in a junior school you must apply through the resident Local Authority application process.

There is no automatic right of transfer from a nursery class to the reception class in the same school. There is no priority admission. An application must be made through the local Co-ordinated Admission Scheme for a reception class place.

Age of Admission

In line with legislation, all children will be permitted to start in reception in the September following their fourth birthday.

Parents/carers can defer the date their child is admitted to the school until later in the school year or until the child reaches compulsory school age in that school year. Where entry is deferred, admission authorities must hold the place for that child and not offer it to another child. The parents/carers would not however be able to defer entry beyond the beginning of the term after the child's fifth birthday, nor beyond the academic year for which the original application was accepted. Children born after 1 April will be expected to join the school by the start of the Summer Term.

Parents/carers can also request that their child attends part-time until the child reaches compulsory school age but this must be in discussion with the Headteacher.

Pupils will be admitted without reference to ability or aptitude. The number of intended admissions for each school for the year commencing 1 September 2025 will be as follows:

School	Admissions number into Reception	Admissions number in Y3
Alexandra Infant School	60	
Alexandra Junior School		64
Balgowan Primary School	90	
Bickley Primary School	60	
Childeric Primary School	60	
Dog Kennel Hill Primary School	60	
Farnborough Primary School	30	
Goose Green Primary School	60	
Highfield Infants' School	90	
Highfield Junior School		96
John Donne Primary School	60	
John Keats Primary School	60	
Joydens Wood Infant School	90	
Joydens Wood Junior School		70
Manor Oak Primary School	30	
Perry Hall Primary School	60	
Pickhurst Infant Academy	120	
Rotherhithe Primary School	60	
Worsley Bridge Primary School	90	

Children with an Education, Health and Care Plan (EHCP) are dealt with under a separate process by the Special Educational Needs team within each Local Authority. All pupils with an Education Health Care Plan naming the school will be considered. The published admission number of all schools is inclusive of pupils with an Education, Health and Care Plan that are admitted to the school pursuant to the school being named in their EHCP.

Admission of Children outside of their normal age group

Parents may seek a place for their child outside of their normal age group, for example, if the child has experienced problems such as ill health.

The school and Trust will consider applications outside of the child's normal age group on an individual basis taking into account any information about the child's academic, social and emotional development; where relevant, their medical history and the views of a medical professional; whether they have previously been educated out of their normal age group; and whether they may naturally have fallen into a lower age group if it were not for being born prematurely. Parents wishing to apply for a place outside of the normal age group should apply with their chronological age group but write separately to the Headteacher to explore the options for admissions outside of the normal age range. Further advice is available from the Local Authority.

Admission of Summer Born Children outside of their Normal Age Range

The term "summer born children" relates to all children born from 1 April to 31 August. These children reach compulsory school age on 31 August following their fifth birthday (or on their fifth birthday if it falls on 31 August).

Parents of summer born children (i.e. born between 1st April to 31st August) may request that their child is admitted the following year outside of his or her normal age range into Reception Year instead of Year 1, however there is no automatic right to this. Parents should follow the admissions process of their local authority, including the completion of any additional forms. Families must contact their home local authority for details of how to make a request for admission outside the normal age group. Any place already achieved for the child in the Reception Year in the usual way cannot be deferred (i.e. held for that child) for the duration of that school year, and if deferral is agreed parents will need to reapply for admission the following year.

The school in consultation with the Trust will decide, having taken into account the circumstances of each case and in the best interests of the child, together with the opinion of the Headteacher. Where the request is agreed by the school, the application will be considered with all other applications in the usual way, applying the oversubscription criteria as necessary.

Application Procedure

Application for admission to Reception must be made in accordance with the published Primary Co-ordinated Admission Arrangements for each relevant year and will only be accepted from parent/cares with proven parental responsibility. Change of parental responsibility, unless exceptional circumstances through a Court Order, will not be accepted during the co-ordinated admission process.

Over-subscription

Where applications for admission exceed the number of places available, the following criteria will be applied, in the order set out below, to decide which children to admit: -

1. **Looked After Children:** A "child looked after" is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions. These children **must** still be "CLA" when the child starts school unless (b) applies.
b) or a child who was previously looked after but immediately after being looked after became subject to an adoption, child arrangements, or special

guardianship order including those who appear [to the admission authority] to have been in state care outside of England and ceased to be in state care as a result of being adopted.

2. **Children attending Infants Schools** will be able to transfer to the linked Junior School. If the number of applications from children attending the Infants School exceeds the number of places available at the linked Junior School, decisions on the allocation of spaces will be made in accordance with criterion 1 and then criterion 3 below.

Linked Infant and Junior Schools	
Alexandra Infant School	Alexandra Junior School
Joydens Wood Infant School	Joydens Wood Junior School
Highfield Infants' School	Highfield Junior School
Pickhurst Infant Academy	Pickhurst Junior Academy

3. **Sibling:** Children with a sibling still on roll at the same school or linked school as above at the time of entry. Sibling is defined as children who live as brother or sister in the same house, including natural brothers and sister, adopted siblings, stepbrothers or sisters and foster brothers and sisters.
4. Each individual school may admit **children of members of staff** where:
 - a) the member of staff has been employed at the school for two or more years at the time of which the application of admission to the school is made and/or
 - b) The member of staff is recruited to fill a vacant post for which there is a demonstrable skill shortage.
 For inclusion in this category, the staff member must be permanently based at the school for more than 50% of their normal working hours each week during term time.
5. In exceptional circumstances each individual school may admit children on the grounds of their **acute medical or social needs** for that particular school if only the individual school is suitable for them to attend, and no other school within a reasonable distance from the child's address. The application **must** be supported by a letter from a hospital consultant, the special support service, social worker, or similar professional, setting out the reasons why the school is the only one to meet the child's needs before an admission decision is made. The admission decision will be considered in consultation with teaching and medical professionals. Medical professionals provide advice on applications made under medical conditions and teaching professionals advise on applications made for social or special reasons. Supporting evidence **must** be provided before the closing date for applications.
6. **Proximity to each school:** Distance will be measured (in a straight line) from the unique national grid reference (Easting and Northing) of the child's home address (including flats) to the main entrance of the school building, using the Local Authority's computerised measuring system that identifies the unique national grid reference for the property. Those living closer to the school receiving higher priority. The furthest distance reached is checked to confirm it is unique. Where the next applicant measures the same, the system will go to further decimal places within a measurement to qualify who is nearer. Where

applications are received from flats that have the same “easting and northing” measurements, places will be allocated by door number, the lower the number the higher the priority.

“Home” being where the child normally resides as their only or principal residence. Addresses involved in child minding (professional or relatives) will not be considered. Parents will be asked to provide documentary evidence to confirm an address and parental responsibility. The child’s principal residence should be where they sleep for the majority of the school nights. Change of parental responsibility, unless exceptional circumstances through a court order, will not be accepted during the co-ordinated admission process.

If there are two identical distance measurements for different addresses of separate applicants within any of the oversubscription categories above, a tiebreak will be done by drawing lots. This will be a random allocation process and will be supervised by someone independent of the school/Trust.

Change of Address

It is expected that the applicant and pupil will still be resident at the same address when the child starts school. Evidence may be required to confirm the applicant is still living at the application address on National Offer Day and when starting at the offered school. Places may be withdrawn if address details do not match the information given on the application. Changes of address after offers have been made will be investigated and applications will be reconsidered on the basis of the new home address. If the offer was made under the proximity criterion and the new address falls outside of the offered distance of a school with a waiting list, the offer may be rescinded. In addition, applicants who retain ownership of a previous address cannot use a temporary address for applications.

Fair Access Protocol

Each NEST school in common with all other schools will admit pupils referred under the **Fair Access Protocol**. Children directed via the Fair Access Protocol or those children in Local Authority Care without a school place, will take precedence over any child already on the school waiting list, and this includes admitting children over the published admission number where appropriate.

Late Applications/Waiting Lists

Late applications will be dealt with in accordance with the criteria above and administered by the Local Authority. Waiting lists will also be maintained by them and will be held throughout the Autumn Term post entry. This applies to the primary co-ordinated process.

In Year Admissions

1. Applications that are made for admission to all year groups must be made to the Local Authority of residence.
2. All applicants without a school place must be allowed to start at a school as soon as possible if a place is available. If no places are available, parents/carers are to be advised, in writing, of their right of appeal.

3. Parents/carers who request a school transfer mid-term and where no house move is involved will be advised that once the offer is accepted, arrangements should be made for the child to start school as soon as possible, particularly where the child is out of school.
4. In year waiting lists will be maintained by the Local Authority until the end of the academic year. The Trust works in conjunction with the Local Authority on admissions. Applicants wishing to remain on a school waiting list will be required to reapply at the beginning of the next academic year.

The Appeals Procedure

All applicants have a statutory right of appeal if their preferred school is unable to offer them a place. Unsuccessful applicants must be advised of their right of appeal to an independent Admission Appeals Panel, established by NEST, under the School Standards and Framework Act 1998.

Appeals for Reception places will be considered in light of the class size regulations that require infant class sizes do not exceed 30. The legislation will only permit class sizes above 30 in limited, specified, circumstances.

The Education Act 1980 (Section 7) gives parents/carers the right to appeal against decisions regarding the schools their children should attend. The procedure is specified in Schedule 2 of the Act. NEST will set up the Independent Appeal Panel to hear appeals for places at the school. Parents have the right to be heard knowing that the decision will be binding on the school.

The receipt of an appeal form will be acknowledged. Formal notification of the date and time scheduled for the hearing will be sent 14 days in advance of the hearing.

Seven days before the hearing the Headteacher will send you a statement setting out the admission policy and the reasons for the decision regarding your child's allocation.

Appeals will usually be heard during the daytime. You will be invited to attend the hearing, but children should not accompany parents.

The Appeals Panel will consist of three members made up from the following:

1. A lay member with no personal experience in the management of any school or the provision of education in any school other than as a school governor or in any other voluntary capacity.
2. Persons who have experience in education; are acquainted with educational conditions in the area or are parents of registered pupils at a school.
3. At least one member must be eligible to be a lay member and is appointed as such and at least one must be a person falling within 2 above.

The proceedings, which will be as informal as possible, will normally be as follows:

1. The case for the school
2. Parents'/carers' questions
3. Parents'/carers' case
4. Questions by the Headteacher
5. Questions by the committee
6. Summing up by both sides, if necessary

The Headteacher of the school will attend the hearing. He/she will present the case and advise but will not be involved in making the decision.

The Headteacher will seek to prove that all available places in the school have been accepted by children who meet the published criteria, and to admit a further pupil would prejudice efficient education or the efficient use of resources.

You will need to tell the Panel why you think your child should attend the particular NEST school, but your case must be put forward on the following grounds only:

1. Either that the decision to refuse admission was not one which a reasonable authority would have made in the circumstances of the case; or
2. that the child would have been offered a place if the school's admission arrangement had been properly implemented.

If the Appeals Panel considers that your case is strong enough, the Panel can override the decision and allow your child a place in the named NEST school.

Decisions will not be made in the presence of the Headteacher or the parent/carers but will be conveyed to both parties in writing as soon as possible after the hearing. Where there are several appeals for a school, parents/carers will not be informed of the decision until all the appeals for the school have been heard.

The hearing is the final appeal stage with the Trust. If you remain dissatisfied after the appeal hearing you have the right of complaint, in accordance with Sections 68 and 99 of the Education Act 1944, to the Secretary of State for Education, Sanctuary Buildings, Great Smith Street, Westminster, London SW1P 3BT.

The procedure relates to legislation and policies in force at the time of going to print.

Appeals forms in respect of any NEST school can be obtained from, and should be returned to:
